

We need your input. The Sanctuary Update Committee is gathering ideas on updating the Worship Space here at Faith Lutheran.

What would make worship most accessible for you and your neighbors? (consider things like time, mobility and children)

What changes would you like to see in seating? _____

What changes to the altar area would be more conducive to worship?

How would you like to see technology used in worship? _____

As we consider our space, how do our musical offerings enhance your worship experience? _____

Any other comments or suggestions? _____

We will be having Cottage Meetings during January and February to discuss these questions, and we hope you will sign up for one of these meetings. Sign up sheets are on the board in the Gathering Space. However, you may also use this form to share some of your thoughts and then drop it off in the mailbox near the office as you leave worship tonight. Thank you for your input. Merry Christmas!
